DECISION NO.: [insert #]

FILE NO.: PCUP24-006

DESCRIPTION: A public hearing to consider a Conditional Use Permit for a Type 41 ABC License (On-Sale Beer and Wine) for on-premises consumption of alcoholic beverages, including beer and wine with an existing 1,549 square-foot restaurant (Catrina's Kitchen) on 0.487 acres of land located at 1047 North Mountain Avenue, within the CC (Community Commercial) zoning district (APN: 1010-132-01); **submitted by Ernesto Osuna.**

PART 1: BACKGROUND & ANALYSIS

ERNESTO OSUAN, (herein after referred to as "Applicant") has filed an application requesting approval of a Conditional Use Permit, File No. PCUP24-006, as described in the subject of this Decision (herein after referred to as "Application" or "Project").

PROJECT SETTING: The Project site is comprised of 0.487 acres of land located at 1047 North Mountain Avenue, and is depicted in *Exhibit A: Aerial Photograph*, attached. Existing land uses, General Plan and zoning designations, and specific plan land uses on and surrounding the project site are as follows:

	Existing Land Use	General Plan Designation	Zoning Designation	Specific Plan Land Use
Site:	Restaurant (Catrina's Kitchen)	General Commercial (GC)	Community Commercial (CC)	N/A
North:	Fast Food Restaurant (El Campero)	Neighborhood Commercial (NC)	Neighborhood Commercial (CN)	N/A
South:	Commercial Auto Sales	General Commercial (GC)	Community Commercial (CC)	N/A
East:	Auto Parts Sales	Neighborhood Commercial (NC)	Neighborhood Commercial (CN)	N/A
West:	Auto Sales	General Commercial (GC)	Community Commercial (CC)	N/A

PROJECT ANALYSIS:

(1) Background— The Project site is located within a 6,200 square-foot multi-tenant commercial building that was constructed in the mid-1980s and current tenants

Prepared: DP 5/29/24

Reviewed: DE 7/10/24

include a Check 'n Go, dental office, 7-Eleven and Catrina's Kitchen. Catrina's Kitchen occupies the southern portion of the building and established their restaurant in March of 2021 (*Exhibit B1: Project Site*).

On March 20, 2024, the Applicant submitted a Conditional Use Permit application requesting a Type 41 ABC license (On-Sale Beer and Wine) for the on-premises consumption of alcoholic beverages, including beer and wine within a 1,549 square foot existing restaurant (Catrina's Kitchen) at the Project site.

(2) Proposed Use/Operation – Catrina's Kitchen occupies a 1,549 square foot tenant space within the existing multi-tenant commercial building. The main entrance is located on the east side of the building, facing the parking lot. The restaurant is divided into four general areas (*See Exhibit C: Floor Plan*), which includes a dining and counter area, a kitchen, prep room, and restrooms/storage area. Dining room seating can accommodate 24 patrons. The hours of operation for the restaurant are from 9:00 AM to 8:30 PM Monday through Friday, 8:00 AM to 8:30 PM Saturday, and 8:00 AM to 4:00 PM Sunday, with 6 employees daily.

The Police Department requires that the last call for alcohol shall be made no later than 45 minutes prior to closing and all alcohol sales must cease 30 minutes prior to closing. No alcoholic beverages are to be sold or removed from the establishment for outside consumption. In addition, the restaurant will have no bar seating or outdoor dining.

(3) Parking — The existing commercial site provides 28 shared parking spaces. Staff believes that granting the proposed Conditional Use Permit will not adversely affect the existing parking demand for the property, as the application does not propose any expansion to the building nor the elimination of existing parking spaces. Furthermore, the proposed alcoholic beverage sales will be ancillary to the restaurant's use and will provide convenience to its customers.

(4) ABC Concentration — The California Department of Alcoholic Beverage Control ("ABC") is the State entity responsible for granting, renewing, and revoking all ABC licenses. ABC determines how many On-Sale and Off-Sale alcoholic beverage license types should be issued per census tract, based upon their population. The Project site is located within Census Tract 10.01, which is located entirely within the City of Ontario and according to the ABC, is currently over concentrated.

The Census Tract currently allows four on-sale licenses; however, there are currently 6 active on-sale licenses within the census tract. The proposed location operates as a "Bona Fide Public Eating Place"; therefore, the Police Department does not object to allowing the proposed Type 41 ABC License, provided that all City and ABC rules, regulations, and conditions of approval are met and followed. As a result, staff has placed specific conditions of approval to ensure the safe operation of the business.

(5) Land Use Compatibility – A Conditional Use Permit review is required to ensure the compatibility of adjacent uses by identifying potential nuisance activities and

establishing measures for mitigation, accordingly. The Project site is located within an existing commercial building, which includes a variety of service-related uses designed to be conveniently accessible to the nearby residential neighborhoods. The proposed Conditional Use Permit for the serving of alcoholic beverages in conjunction with restaurant use is compatible to other similar restaurant uses and will provide an added convenience for the restaurant's customers.

Staff believes that the recommended conditions of approval will sufficiently mitigate any potential impacts that may be associated with the proposed use. Additionally, the adjacent businesses within the commercial site will not be exposed to additional impacts resulting from alcoholic beverage sales beyond those that would normally be associated with any other restaurant use.

AIRPORT LAND USE COMPATIBILITY PLAN: This Project is located within the Airport Influence Area of Ontario International Airport and was evaluated and found to be consistent with the policies and criteria of the Ontario International Airport Land Use Compatibility Plan ("ONT ALUCP"). Any special conditions of approval associated with uses in close proximity to the airport are attached to this report.

DEPARTMENTAL REVIEW: Each City department has been provided the opportunity to review and comment on the subject application and recommend conditions of approval to be imposed upon the application. At the time of the Decision preparation, recommended conditions of approval were provided and are attached to this report.

PUBLIC NOTIFICATION: The subject application was advertised as a public hearing in at least one newspaper of general circulation in the City of Ontario (the Inland Valley Daily Bulletin newspaper). In addition, notices were mailed to all owners of real property located within 300 feet of the exterior boundaries of the property that is the subject of the hearing, as shown on the records of the County Assessor.

CORRESPONDENCE: As of the preparation of this Decision, Planning Department staff has not received any written or verbal communications from the owners of properties surrounding the project site or from the public in general, regarding the subject application.

WHEREAS, all legal prerequisites to the adoption of this Decision have occurred.

PART 3: THE DECISION

NOW, THEREFORE, IT IS HEREBY FOUND, DETERMINED AND DECIDED by the Zoning Administrator of the City of Ontario as follows:

SECTION 1: Environmental Determination and Findings. As the decision-making body for the Project, the Zoning Administrator has reviewed and considered the information contained in the administrative record for the Project. Based upon the facts and information contained in the administrative record, including all written and oral evidence presented to the Zoning Administrator, the Zoning Administrator finds as follows:

(1) The project is categorically exempt from the requirements of the California Environmental Quality Act ("CEQA") pursuant to Section 15301 (Class 1, Existing Facilities) of the CEQA Guidelines, which consists of operation, repair, maintenance, permitting leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of existing or former use. The proposed use is located within an existing building and does not include any alterations or operational changes; and

(2) The application of the categorical exemption is not barred by one of the exceptions set forth in CEQA Guidelines Section 15300.2; and

(3) The determination of CEQA exemption reflects the independent judgment of the Zoning Administrator.

SECTION 2: ONT ALUCP Compliance. The California State Aeronautics Act (Public Utilities Code Section 21670 et seq.) requires that an Airport Land Use Compatibility Plan be prepared for all public use airports in the State; and requires that local land use plans and individual development proposals must be consistent with the policies set forth in the adopted Airport Land Use Compatibility Plan. On April 19, 2011, the City Council of the City of Ontario approved and adopted the ONT ALUCP, establishing the Airport Influence Area for Ontario International Airport, which encompasses lands within parts of San Bernardino, Riverside, and Los Angeles Counties, and limits future land uses and development within the Airport Influence Area, as they relate to noise, safety, airspace protection, and overflight impacts of current and future airport activity. As the decision-making body for the Project, the Zoning Administrator has reviewed and considered the facts and information contained in the Application and supporting documentation against the ONT ALUCP compatibility factors, including [1] Safety Criteria (ONT ALUCP Table 2-2) and Safety Zones (ONT ALUCP Map 2-2), [2] Noise Criteria (ONT ALUCP Table 2-3) and Noise Impact Zones (ONT ALUCP Map 2-3), [3] Airspace protection Zones (ONT ALUCP Map 2-4), and [4] Overflight Notification Zones (ONT ALUCP Map 2-5). As a result, the Zoning Administrator, therefore, finds and determines that the Project, when implemented in conjunction with the conditions of approval, will be consistent with the policies and criteria set forth within the ONT ALUCP.

SECTION 3: Concluding Facts and Reasons. Based upon [1] the substantial evidence presented to the Zoning Administrator in the Background and Analysis of this Decision, [2] the oral information presented during the herein-referenced public hearing,

and [3] the findings set forth in Sections 1 and 2, above, the Zoning Administrator hereby concludes as follows:

(a) **The scale and intensity of the proposed land use would be consistent with the scale and intensity of land uses intended for the particular zoning or land use district.** The proposed location of the Conditional Use Permit is in accord with the objectives and purposes of the City of Ontario Development Code and the CC (Community Commercial) zoning district, and the scale and intensity of land uses intended for the zoning district in which the use is proposed to be located. Furthermore, the proposed restaurant in conjunction with on-sale alcoholic beverage license land use will be established and operated consistent with the objectives and purposes, and development standards and guidelines, of the CC (Community Commercial) zoning district of the Development Code; and

(b) **The proposed use at the proposed location, and the manner in which it will be operated and maintained, is consistent with the goals, policies, plans and exhibits of the Vision, Policy Plan (General Plan), and City Council Priorities components of The Ontario Plan.** The proposed restaurant in conjunction with an ancillary Type 41 ABC License (On-Sale Beer and Wine) will be located within the GC (General Commercial) land use district of the Policy Plan Land Use Map, and the CC (Community Commercial) zoning district. The development standards, and the conditions of approval under which the proposed land use will be established, operated, and maintained, are consistent with the goals, policies, plans, and exhibits of the Vision, City Council Priorities, and Policy Plan (General Plan) components of The Ontario Plan; and

(c) **The proposed use at the proposed location, and the manner in which it will be operated and maintained, is consistent with the objectives and requirements of the Development Code and any applicable specific plan or planned unit development.** The proposed restaurant in conjunction with an ancillary Type 41 ABC License (On-Sale Beer and Wine) is located with the GC (General Commercial) land use district, and the CC (Community Commercial) zoning district, and has been reviewed and conditioned to ensure the establishment, operation and maintenance of the proposed land use is consistent with all applicable objectives, purposes, standards, and guidelines of the Development Code; and

(d) **The establishment, maintenance, and operation of the proposed use at the proposed location would not be detrimental or injurious to property and improvements within the vicinity, nor would it be detrimental to the health, safety, or general welfare of persons residing or working in the surrounding neighborhood.** The Development Advisory Board has required certain safeguards, and impose certain conditions of approval, which have been established to ensure that: [i] the purposes of the Development Code are maintained; [ii] the project will not endanger the public health, safety or general welfare; [iii] the project will not result in any significant environmental impacts; and [iv] the project will be in harmony with the surrounding area in which it is proposed to be located; and

(e) For On-Sale alcoholic beverage license types located within overconcentrated census tracts (high density of alcoholic beverage sales locations as defined by the Alcoholic Beverage Control Act (commencing with Business and Professions Code Section 23000 et Seq.), the Zoning Administrator hereby makes the following Public Convenience and Necessity ("PCN") findings:

- *The proposed retail alcohol license is not located within a high crime area, defined as an area characterized by a high ratio of Police Department calls for service to alcohol-related incidences, not to exceed 20 percent greater than the average number of alcohol-related incidences reported for the City as a whole. The Police Department has reviewed the Application and is recommending approval subject to the conditions of approval. The use is consistent with the Community Commercial zoning district and other similar restaurants have also received approval for an On-Sale ABC license. The proposed use will also be provided as a convenience to restaurant patrons that would like to purchase alcoholic beverages; and*
- *The commercial shopping center has no outstanding Building or Health Code violations or Code Enforcement activity. There are currently no outstanding Building or Health Code Violations for the Project site; and*
- *The site (subject tenant space) is properly maintained, including building improvements, landscaping, and lighting. The site is properly maintained, including the building, landscaping, and lighting. Additionally, department conditions of approval require the project site to be maintained and free of debris, litter, and graffiti.*

SECTION 4: Zoning Administrator Action. Based on the findings and conclusions set forth in Sections 1 through 3, above, the Zoning Administrator hereby APPROVES the Application subject to each and every condition set forth in the Department reports included as "Attachment A" of this Decision, and incorporated herein by this reference.

SECTION 5: Indemnification. The Applicant shall agree to defend, indemnify and hold harmless, the City of Ontario or its agents, officers, and employees from any claim, action or proceeding against the City of Ontario or its agents, officers or employees to attack, set aside, void or annul this approval. The City of Ontario shall promptly notify the applicant of any such claim, action or proceeding, and the City of Ontario shall cooperate fully in the defense.

SECTION 6: Custodian of Records. The documents and materials that constitute the record of proceedings on which these findings have been based are located at the City of Ontario City Hall, 303 East "B" Street, Ontario, California 91764. The custodian for these records is the City Clerk of the City of Ontario. The records are available for inspection by any interested person, upon request.

APPROVED AND ADOPTED this 15th day of July, 2024.

DECISION NO.: [insert #]

FILE NO.: PCUP24-010

DESCRIPTION: A public hearing to consider a Conditional Use Permit for a Type 41 ABC License (On-Sale Beer and Wine) for on-premises consumption of alcoholic beverages, including beer and wine within a proposed 1,572 square-foot restaurant (Poki Bowl) on 4.15 acres of land located at 3520 East Guasti Road, Suite 120, within the Mixed-Use land use district of the Ontario Gateway Specific Plan (APN: 0210-212-65); **submitted by Poki Bowl Ontario LLC.**

PART 1: BACKGROUND & ANALYSIS

POKI BOWL ONTARIO LLC, (herein after referred to as "Applicant") has filed an application requesting approval of a Conditional Use Permit, File No. PCUP24-010, as described in the subject of this Decision (herein after referred to as "Application" or "Project").

PROJECT SETTING: The Project site is comprised of 4.15 acres of land located at 3520 East Guasti Road, Suite 120, and is depicted in *Exhibit A: Aerial Photograph*, attached. Existing land uses, General Plan and zoning designations, and specific plan land uses on and surrounding the project site are as follows:

	Existing Land Use	General Plan Designation	Zoning Designation	Specific Plan Land Use
Site:	Commercial Shopping Center	Office Commercial (OC)	Ontario Gateway Specific Plan	Mixed Use
North:	Hotel	Office Commercial (OC)	Ontario Gateway Specific Plan	Entertainment
South:	Southern Pacific Rail	Rail	RC (Rail Corridor)	N/A
East:	Costco	Office Commercial (OC)	Ontario Gateway Specific Plan	Mixed Use
West:	Office Building	Office Commercial (OC)	Centrelake Business Park Specific Plan	Office

PROJECT ANALYSIS:

(1) Background — On July 23, 2019, the Planning Commission approved a Development Plan (File No. PDEV18-040) to construct three multi-tenant retail buildings

Prepared: DP 5/29/24

Reviewed: DE 7/10/24

totaling 19,000 square-feet within the Ontario Gateway Commercial Center located on the southeast corner of Haven Avenue and Guasti Road adjacent to the Costco Business Center. The Project site is currently under construction and two of the multi-tenant buildings (Buildings A and B) were constructed in 2021. The building tenant spaces are currently being leased and the current operating business is a Starbucks with a drive-thru facility located within Building A (see *Exhibit B: Site Plan*).

On April 30, 2024, the Applicant submitted a Conditional Use Permit application requesting a Type 41 ABC license (On-Sale Beer and Wine) for the on-premises consumption of alcoholic beverages, including beer and wine within a 1,572 square-foot proposed restaurant (Poki Bowl) at the Project Site.

(2) Proposed Use/Operation — Poki Bowl opened their first location in 2015 and has over 21 locations throughout California, Florida, Texas, Utah and North Carolina and are seeking to expand their business within the City of Ontario. The fast, casual chain restaurant provides Asian infused traditional Hawaiian Poke.

Poki Bowl will be located within a 6,200 square foot multi-tenant building (Building A) located along the western portion of the site facing Haven Avenue. Building A provides three commercial tenant spaces, the Project site is centrally located between a Starbuck's drive-thru to the south, and a vacant space to the north (See *Exhibit B1: Site Plan*). The restaurant's main entrance will be located on the east side of the building, facing the parking lot. Tenant improvements were issued on February 16, 2024, and the applicant is currently under construction. The restaurant has a layout that is typical to their other locations which is divided into 6 general areas that include: a dining area, a service counter, bar area, kitchen, storage and restroom. The Applicant will be using the bar area to store all alcoholic beverages under the counter. Indoor seating capacity can accommodate approximately 26 patrons (See *Exhibit C: Floor Plan*). The proposed business hours are Monday through Sunday from 11:00 AM to 8:00 PM and will operate with approximately eight to ten employees per shift.

The Police Department stipulates that alcohol sales will be from 11:00 AM to 8:00 PM Monday through Sunday. Furthermore, the last call for alcohol shall be made no later than 45 minutes prior to closing and all alcohol sales must cease 30 minutes prior to closing. All alcohol must be removed from the tables/patrons at closing. No alcoholic beverages are to be sold or removed from the establishment for outside consumption. In addition, the restaurant will have no outdoor dining.

(3) Parking — The commercial shopping center was approved with a shared parking plan, that was based on a parking demand study. Staff believes that granting the proposed Conditional Use Permit will not adversely affect the commercial shopping center's existing parking demand, as the Application does not propose any expansion to the building nor the elimination of existing parking spaces. The proposed alcoholic beverage sales will be ancillary to the restaurant's use and will provide the public an additional convenience by offering a wide variety of dining options.

(4) ABC Concentration — The California Department of Alcoholic Beverage Control (“ABC”) is the State entity responsible for granting, renewing, and revoking all ABC licenses. ABC determines how many on-sale and off-sale alcoholic beverage license types should be issued per census tract, based on its population. The Project site is located within Census Tract No. 127, which is located entirely within the City of Ontario and according to ABC, is over concentrated.

The Census Tract currently allows for three on-sale licenses; however, there are currently 8 active on-sale licenses within this tract. The proposed location will operate as a “Bona Fide Public Place”; therefore, the Police Department does not object to allowing the proposed Type 41 ABC License, provided that all City and State Department of Alcohol Beverage Control rules, regulations, and conditions of approval are met and flowed. As a result, staff have placed specific conditions of approval to ensure the safe operation of the business.

(5) Land Use Compatibility — A Conditional Use Permit review is required to ensure the compatibility of adjacent uses by identifying potential nuisance activities and establishing measures for mitigation, accordingly. The Project site is located within an existing commercial shopping center, which includes a variety of retail and residential uses designed to be conveniently accessible by foot to the nearby residential neighborhoods. The proposed Conditional Use Permit for the serving of alcoholic beverages in conjunction with restaurant use is compatible with neighboring uses and will provide an added convenience for the restaurant’s customers.

Staff believes that the recommended conditions of approval will sufficiently mitigate any potential impacts that may be associated with the proposed use. Additionally, the nearby businesses within the existing shopping center will not be exposed to additional impacts resulting from alcoholic beverage sales beyond those that would normally be associated with any other restaurant use within the surrounding area.

AIRPORT LAND USE COMPATIBILITY PLAN: This project is located within the Airport Influence Area of Ontario International Airport and was evaluated and found to be consistent with the policies and criteria of the Ontario International Airport Land Use Compatibility Plan (“ONT ALUCP”). Any special conditions of approval associated with uses in close proximity to the airport are attached to this report.

DEPARTMENTAL REVIEW: Each City department has been provided the opportunity to review and comment on the subject application and recommend conditions of approval to be imposed upon the application. At the time of the Decision preparation, recommended conditions of approval were provided and are attached to this report.

PUBLIC NOTIFICATION: The subject application was advertised as a public hearing in at least one newspaper of general circulation in the City of Ontario (the Inland Valley Daily Bulletin newspaper). In addition, notices were mailed to all owners of real property located within 300 feet of the exterior boundaries of the property that is the subject of the hearing, as shown on the records of the County Assessor.

CORRESPONDENCE: As of the preparation of this Decision, Planning Department staff has not received any written or verbal communications from the owners of properties surrounding the project site or from the public in general, regarding the subject application.

(4) [insert additional speaker info]

(5) There being no one else to offer testimony regarding the application, the Zoning Administrator closed the public hearing.

WHEREAS, all legal prerequisites to the adoption of this Decision have occurred.

PART 3: THE DECISION

NOW, THEREFORE, IT IS HEREBY FOUND, DETERMINED AND DECIDED by the Zoning Administrator of the City of Ontario as follows:

SECTION 1: Environmental Determination and Findings. As the decision-making body for the Project, the Zoning Administrator has reviewed and considered the information contained in the administrative record for the Project. Based upon the facts and information contained in the administrative record, including all written and oral evidence presented to the Zoning Administrator, the Zoning Administrator finds as follows:

(1) The project is categorically exempt from the requirements of the California Environmental Quality Act ("CEQA") pursuant to Section 15301 (Class 1, Existing Facilities) of the CEQA Guidelines, which consists of operation, repair, maintenance, permitting leasing, licensing or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of existing or former use. The proposed use is located within an existing building and does not include any alterations or operational changes; and

(2) The application of the categorical exemption is not barred by one of the exceptions set forth in CEQA Guidelines Section 15300.2; and

(3) The determination of CEQA exemption reflects the independent judgment of the Zoning Administrator.

SECTION 2: ONT ALUCP Compliance. The California State Aeronautics Act (Public Utilities Code Section 21670 et seq.) requires that an Airport Land Use Compatibility Plan be prepared for all public use airports in the State; and requires that local land use plans and individual development proposals must be consistent with the policies set forth in the adopted Airport Land Use Compatibility Plan. On April 19, 2011, the City Council of the City of Ontario approved and adopted the ONT ALUCP, establishing the Airport Influence Area for Ontario International Airport, which encompasses lands within parts of San Bernardino, Riverside, and Los Angeles Counties,

and limits future land uses and development within the Airport Influence Area, as they relate to noise, safety, airspace protection, and overflight impacts of current and future airport activity. As the decision-making body for the Project, the Zoning Administrator has reviewed and considered the facts and information contained in the Application and supporting documentation against the ONT ALUCP compatibility factors, including [1] Safety Criteria (ONT ALUCP Table 2-2) and Safety Zones (ONT ALUCP Map 2-2), [2] Noise Criteria (ONT ALUCP Table 2-3) and Noise Impact Zones (ONT ALUCP Map 2-3), [3] Airspace protection Zones (ONT ALUCP Map 2-4), and [4] Overflight Notification Zones (ONT ALUCP Map 2-5). As a result, the Zoning Administrator, therefore, finds and determines that the Project, when implemented in conjunction with the conditions of approval, will be consistent with the policies and criteria set forth within the ONT ALUCP.

SECTION 3: Concluding Facts and Reasons. Based upon [1] the substantial evidence presented to the Zoning Administrator in the Background and Analysis of this Decision, [2] the oral information presented during the herein-referenced public hearing, and [3] the findings set forth in Sections 1 and 2, above, the Zoning Administrator hereby concludes as follows:

(a) ***The scale and intensity of the proposed land use would be consistent with the scale and intensity of land uses intended for the particular zoning or land use district.*** The proposed location of the Conditional Use Permit is in accord with the objectives and purposes of the City of Ontario Development Code and the Mixed-Use land use district of the Ontario Gateway Specific Plan, and the scale and intensity of land uses intended for the zoning district in which the use is proposed to be located. Furthermore, the proposed restaurant in conjunction with an ancillary Type 41 ABC License (On-Sale Beer and Wine) will be established and operated consistent with the objectives and purposes, and development standards and guidelines, of the Mixed-Use land use district of the Gateway Specific Plan; and

(b) ***The proposed use at the proposed location, and the manner in which it will be operated and maintained, is consistent with the goals, policies, plans and exhibits of the Vision, Policy Plan (General Plan), and City Council Priorities components of The Ontario Plan.*** The proposed restaurant in conjunction with on-sale alcoholic beverage license land use will be located within the Office Commercial land use district of the Policy Plan Land Use Map, and the Ontario Gateway Specific Plan. The development standards, and the conditions of approval under which the proposed land use will be established, operated, and maintained, are consistent with the goals, policies, plans, and exhibits of the Vision, City Council Priorities, and Policy Plan (General Plan) components of The Ontario Plan; and

(c) ***The proposed use at the proposed location, and the manner in which it will be operated and maintained, is consistent with the objectives and requirements of the Development Code and any applicable specific plan or planned unit development.*** The proposed restaurant in conjunction with an ancillary Type 41 ABC License (On-Sale Beer and Wine) is located with the Mixed-Use land use district of the Ontario Gateway Specific Plan, and has been reviewed and conditioned to ensure the establishment,

operation and maintenance of the proposed land use consistent with all applicable objectives, purposes, standards, and guidelines of the Development Code and the Ontario Gateway Specific Plan; and

(d) ***The establishment, maintenance, and operation of the proposed use at the proposed location would not be detrimental or injurious to property and improvements within the vicinity, nor would it be detrimental to the health, safety, or general welfare of persons residing or working in the surrounding neighborhood.*** The Development Advisory Board has required certain safeguards, and impose certain conditions of approval, which have been established to ensure that: [i] the purposes of the Ontario Gateway Specific Plan are maintained; [ii] the project will not endanger the public health, safety or general welfare; [iii] the project will not result in any significant environmental impacts; and [iv] the project will be in harmony with the surrounding area in which it is proposed to be located; and

(e) For On-Sale alcoholic beverage license types located within overconcentrated census tracts (high density of alcoholic beverage sales locations as defined by the Alcoholic Beverage Control Act (commencing with Business and Professions Code Section 23000 et Seq.), the Zoning Administrator hereby makes the following Public Convenience and Necessity ("PCN") findings:

- *The proposed retail alcohol license is not located within a high crime area, defined as an area characterized by a high ratio of Police Department calls for service to alcohol-related incidences, not to exceed 20 percent greater than the average number of alcohol-related incidences reported for the City as a whole. The Police Department has reviewed the Application and is recommending approval subject to the conditions of approval. The Planning Department, Land Development Section, conditions of approval applicable to the above-described Project, are listed below. The Project shall comply with each condition of approval listed below:

1.0 Standard Conditions of Approval. The project shall comply with the *Standard Conditions for New Development*, adopted by City Council Resolution No. 2017-027 on April 18, 2017. A copy of the *Standard Conditions for New Development* may be obtained from the Planning Department or City Clerk/Records Management Department.

2.0 Special Conditions of Approval. In addition to the *Standard Conditions for New Development* identified in condition no. 1.0, above, the project shall comply with the following special conditions of approval:

2.1 Time Limits.

(a) Conditional Use Permit approval shall become null and void one year following the effective date of application approval, unless a building permit is issued and construction is commenced, and diligently pursued toward completion, or a time extension has been approved by the Planning Director, except that a Conditional Use Permit approved in conjunction with a Development Plan shall have the same time limits as said Development Plan. This condition does not supersede any individual time limits specified herein, or any other departmental conditions of approval applicable to the Project, for the performance of specific conditions or improvements.

2.2 General Requirements. The Project shall comply with the following general requirements:

(a) All construction documentation shall be coordinated for consistency, including, but not limited to, architectural, structural, mechanical, electrical, plumbing, landscape and irrigation, grading, utility and street improvement plans. All such plans shall be consistent with the approved entitlement plans on file with the Planning Department.

(b) The project site shall be developed in conformance with the approved plans on file with the City. Any variation from the approved plans must be reviewed and approved by the Planning Department prior to building permit issuance.

(c) The herein-listed conditions of approval from all City departments shall be included in the construction plan set for project, which shall be maintained on site during project construction.

2.3 Security Standards. The Project shall comply with all applicable requirements of Ontario Municipal Code Title 4 (Public Safety), Chapter 11 (Security Standards for Buildings).

2.4 Signs.

(a) All Project signage shall comply with the requirements of Ontario Development Code Division 8.1 (Sign Regulations).

2.5 Sound Attenuation. The Project shall be constructed and operated in a manner so as not to exceed the maximum interior and exterior noise levels set forth in Ontario Municipal Code Title 5 (Public Welfare, Morals, and Conduct), Chapter 29 (Noise).

2.6 Alcoholic Beverage Sales—General.

(a) No upgrade/change of an alcoholic beverage license type may occur until a minimum one-year of operations under the approved license type has occurred.

(b) The business shall be operated in strict compliance with the rules, regulations and orders of the State of California Department of Alcoholic Beverage Control. Failure to comply with this requirement shall be deemed just cause for revocation of conditional use permit approval.

(c) Coinciding with the annual Police Department inspection, the Planning Department shall conduct a review of the approved use and shall prepare for Zoning Administrator consideration, a status report identifying impacts associated with the use and any non-compliance with the conditions of approval. In addition, such status report shall contain a police report regarding calls for service to the subject premises during the prior one year period. Nothing herein shall modify or limit the City's ability to regulate the business or modify or revoke the permit upon the City's determination that the business is being operated in a manner adverse to the public health, safety and welfare.

(d) Signs shall comply with all City of Ontario sign regulations. No more than 25 percent of the total window area shall bear advertising or signs of any sort. Window signs shall be placed and maintained in a manner so that there is clear and unobstructed view of the interior of the premises from the building exterior.

(e) The rear doors shall be kept closed at all times during the operation of the premises, except in case of emergency or to permit deliveries.

(f) In the event that security problems occur as a result of the approved subject use and at the request of the Police Department, the permittee, at his/her own expense, shall provide a California licensed, uniformed security guard(s) on the subject premises, during such hours and in such number as requested by the Police Department.

(g) The licensee shall attend a LEAD (Licensee Education on Alcohol and Drugs) training secession sponsored by the State of California Department of Alcoholic Beverage Control, within 6 months following commencement of the approved use.

(h) A clearly legible copy of the herein-listed conditions of approval shall be posted at all times at a prominent place in the interior of the premises.

(i) Live entertainment shall be prohibited. Any future request for live entertainment shall require conditional use permit approval by the Zoning Administrator. Karaoke, DJs, live musical acts, and other similar forms of entertainment are hereby deemed to be live entertainment.

(j) Amplified prerecorded music may be permitted; however, the sound emitted from the premises shall not be audible outside the walls of the business establishment.

(k) Electronic arcade and amusement games shall be prohibited on-site, unless specifically permitted by the Police Department and shown on the approved site plan.

2.7 Alcoholic Beverage Sales—Restaurants.

(a) The establishment shall be operated as a “bona fide public eating place” as defined by Business and Professions Code Section 23038. The restaurant shall contain full kitchen facilities for the cooking of an assortment of foods required for ordinary meals. The kitchen shall be open for the serving of meals to guests during all hours the establishment is open. The establishment shall provide an assortment of foods commonly ordered at various hours of the day. The service of sandwiches or salads shall not be deemed in compliance with this requirement.

(b) The sale of alcoholic beverages shall be incidental to the sale of food. The quarterly gross sales of alcoholic beverages shall be less than 50 percent of the restaurants total sales, which includes all food, and alcoholic and non-alcoholic beverages. The owner of the establishment, upon request, shall provide the City of Ontario with an audited report of the sales ratio of food and non-alcoholic beverages to alcoholic beverages.

(c) No alcoholic beverage shall be consumed outside of the enclosed building, except within the approved outdoor eating area, which has been designed so as to be adequately separated from direct public access.

2.8 Indemnification. The applicant shall agree to defend, indemnify and hold harmless, the City of Ontario or its agents, officers, and employees from any claim, action or proceeding against the City of Ontario or its agents, officers or employees to attack, set aside, void or annul any approval of the City of Ontario, whether by its City Council, Planning Commission or other

authorized board or officer. The City of Ontario shall promptly notify the applicant of any such claim, action or proceeding, and the City of Ontario shall cooperate fully in the defense.
