303 East B Street, Ontario, California 91764 Phone: 909.395.2036 / Fax: 909.395.2420

Dear Applicant:

In an effort to improve customer service and ensure development projects are processed as quickly as possible, the Planning Department finds it necessary to remind its clients that complete application submittals are crucial to the plan review process. In the past, accepting incomplete applications has led to errors and time delays at the end of the review process. I do not want this to happen to you.

Consequently, the Planning Department staff will only accept complete applications at time of submittal. All items requested by this application packet, along with the required filing fee, must be provided before the Planning Department counter staff can accept your application for filing. Please review all minimum requirements prior to submitting your application, as counter staff do not have the authority to waive any requirements.

Please remember that failure to provide all of the required plans and information will result in significant time delays in the processing of your application. If you have any questions regarding the necessity of any particular item required by this application packet, please feel free to contact the Planning Department counter supervisor to discuss your questions.

The Planning Department looks forward to a continued efficient and professional relationship with you in the future. If you have any questions, comments, or concerns regarding this matter, please feel free to contact the Planning Department at (909) 395-2036.

Respectfully,

A handwritten signature in blue ink, appearing to read "H. Noh".

Henry K. Noh
Planning Director

WHAT ARE PROMOTIONAL AND SPECIAL EVENT TEMPORARY SIGNS?

The Temporary Promotional and Special Event Sign/Banner Application Form allows businesses to install short-term, temporary signage, such as banners, on private property, in conjunction with special events, as provided by the City of Ontario's Development Code.

WHY IS TEMPORARY SIGN AND BANNER APPROVAL REQUIRED?

The City recognizes the need for signs as a means to identify businesses within the community, and further recognizes that signing is an important design element of the physical environment. The City is committed to preserving and improving its appearance and is striving to provide an economically stable and visually attractive community through site planning, building design, landscaping and signing.

When properly designed, a sign can be pleasing and can harmonize with physical character of its environment. Poorly designed signs, however, detract from the city's aesthetic value, can result in a reduction in property values and in some cases, can present a hazard to both pedestrians and motorists.

The City is committed to preserving its aesthetic value, assuring the health and safety of its residents, and to preserving and maintaining property values. To this end, the Ontario City Council has adopted regulations governing the placement, number, size and design of signs in the City. The implementation of these regulations is ensured through the Sign Plan Application process.
