DEVIATIONS FROM PROPOSED SIGN STANDARDS

A Sign Program may allow certain minor deviations from prescribed sign standards, limited to: **[1]** a 20 percent increase in maximum sign area, **[2]** an increase in the maximum total number of signs allowed, and **[3]** the use of decorative exposed neon. The Planning Director may approve such deviations, provided the below-listed findings are clearly established.

(1) The Plan's contribution to the overall design quality of the site and the surrounding area will be superior to the quality that would otherwise result under regulations normally applicable to the site;

(2) The proposed signs are compatible with the style or character of existing improvements on the site and are well-related to each other; and

(3) Any deviations from the prescribed sign standards are fully consistent with the purposes of the Development Code.

Attach to this application form, a description of all requested deviations, and the reasons supporting each of the above-listed findings. Failure to clearly establish each finding will result in denial of the deviation request.

APPLICANT ACKNOWLEDGEMENT

I, the undersigned, certify and say that I am the applicant in the foregoing application, that I have read the foregoing application and know the content thereof, and state that the same is true and correct to the best of my knowledge and belief.

WHAT IS A SIGN PROGRAM?

A Sign Program is a master plan of signage, which is required for all nonresidential developments with three or more uses/occupants on two or more acres.

WHY IS A SIGN PROGRAM REQUIRED?

The City recognizes the need for signs as a means to identify businesses within the community, and further recognizes that signing is an important design element of the physical environment. The City is committed to preserving and improving its appearance and is striving to provide an economically stable and visually attractive community through site planning, building design, landscaping and signing.

When properly designed, a sign can be pleasing and can harmonize with physical character of its environment. Poorly designed signs, however, detract from the city's aesthetic value, can result in a reduction in property values and in some cases, can present a hazard to both pedestrians and motorists.

The City is committed to preserving its aesthetic value, assuring the health and safety of its residents, and to preserving and maintaining property values. To this end, the Ontario City Council has adopted regulations governing the placement, number, size and design of signs in the City. The implementation of these regulations is ensured through the Sign Plan Application process.

MINIMUM FILING REQUIREMENTS

The following submittal documents are required to be submitted through our Citizen Portal Access website at <https://automation.ontarioca.gov/onlinePermits>. All documents shall be in **PDF file format**.

- Completed *Sign Program Application*.
- A copy of the sign program that include the following:
 - (1) A master plan, drawn to scale, delineating the site proposed to be included in the sign program and the general location of all signs.
 - (2) Drawings indicating the exterior surface details of all buildings within the site upon which wall signs, directory signs or projecting signs are proposed to be located.
 - (3) Proposed color schemes of the signs.
- Filing fee (see Planning Department Fee Schedule found here: <https://www.ontarioca.gov/Planning/Applications>). This fee will be invoiced upon confirmation by staff that all minimum filing requirements were provided.
