**PETITION FOR CANCELLATION – STATEMENT OF FACTS AND REASONS**

**Please provide a statement of facts demonstrating how the petition for Cancellation meets the specified cancellation criteria of the Williamson Act** (This statement must include sufficient factual information to allow the Planning Department, City Attorney, and City Council to determine whether the necessary findings can be supported. This statement should be as detailed as possible, and include reference to supporting evidence and law where appropriate. Please be advised that a petition consisting of conclusory statements, unfounded opinions, or unsupported assumptions will be inadequate for the City Council to make the appropriate findings, and may result in nonissuance of a Certificate of Tentative Cancellation). The City may issue a Certificate of Tentative Cancellation of the Land Conservation Contract if the petitioner presents sufficient evidence allowing the City to make one of the following findings:

(1) The cancellation is consistent with the purposes of the Williamson Act.

In order to support a determination that the cancellation is consistent with the purposes of the Act, supportable evidence must be provided for all of the following findings (*attach additional sheets if necessary*):

(a) That a Notice of Nonrenewal has been served: \_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

(b) A cancellation is not likely to result in the removal of adjacent lands from agricultural uses:  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

(c) That cancellation is for an alternative use which is consistent with the applicable provisions of the Ontario General Plan:  
\_\_\_\_\_

(d) That cancellation will not result in discontinuous patterns of urban development:

---

---

---

(e) That there is no proximate non-contracted land which is both available and suitable for the alternative proposed use or that development of the subject property would provide more contiguous patterns of urban development than development of the proximate non-contracted land.

---

---

---

OR

(2) The cancellation is in the public interest.

In order to support a determination that the cancellation is in the public interest, supportable evidence must be provided for all of the following findings (*attach additional sheets if necessary*):

(a) That other public concerns substantially outweigh the objectives of the Williamson Act:

---

---

---

(b) That there is no proximate non-contracted land which is both available and suitable for the alternative use currently proposed for the subject property or that development of the subject property would promote more contiguous patterns of urban development than development of proximate non-contracted land:

---

---

---

**PROPOSED SPECIFIED ALTERNATIVE USE(S)**

Provide a statement describing the Proposed Specified Alternative Use(s) for the subject property(ies) (*attach additional sheets if necessary*). Ultimate development of the property should be consistent with the proposed specified alternative use, however, this statement is for informational purposes only. Cancellation of a Land Conservation Contract does not constitute approval of a specified alternative land use, site plan, or other entitlement.

## Williamson Act Contract Nonrenewal/Cancellation Application Form— Land Conservation Contract Notice of Partial Nonrenewal

303 East B Street, Ontario, California 91764 Phone: 909.395.2036 / Fax: 909.395.2420

## **Williamson Act Contract Nonrenewal/Cancellation Application Form— Land Conservation Contract Cancellation Process**

303 East B Street, Ontario, California 91764 Phone: 909.395.2036 / Fax: 909.395.2420

(1) The landowner initiates the process by filing a petition for Cancellation and a Proposal for Specified Alternative Use. The Williamson Act states that Tentative Cancellation shall be contingent on the landowner obtaining all permits necessary to commence the project/Specified Alternative Use. Therefore, the Specified Alternative Use must be consistent with the associated specific plan or the applicant must have City Council approval to develop the subject land without a specific plan.

(2) The City reviews the petition for Cancellation and Proposal for Specified Alternative Use and notifies petitioner as to completeness of the petition and proposal. Please note that the application is considered a "project" pursuant to the California Environmental Quality Act (CEQA). All Land Conservation Contracts were considered in The Ontario Plan Environmental Impact Report, certified by the City Council on January 27, 2010, and all potential environmental impacts associated with the eventual expiration of nonrenewals were fully addressed and analyzed. However, the potential environmental impacts associated with cancellations were not reviewed and thus subsequent environmental review is required.

(3) The City requests the County Assessor to determine the current fair market value of the land as though it were free of the contractual restriction. The City sends a copy of the valuation to the Department of Conservation and the applicant. Please note that the property valuation is valid for one year from the date of valuation.

(4) Within 45 days of receiving the assessor's determination of fair market value, the Department of Conservation or the property owner may request a formal review from the county assessor.

(5) The City sends a copy of the cancellation proposal and environmental document to the Department of Conservation no less than 30 days prior to a scheduled Planning Commission hearing. Please note that a Planning Commission hearing is not required by the Williamson Act. However, if the cancellation is processed along with other applications (e.g. Specific Plan), the Planning Commission will review the cancellation in conjunction with the other application(s) and will provide a recommendation to the City Council.

(6) The City notices the Planning Commission public hearing on the petition for Cancellation.

(7) Within 10 working days prior to the Planning Commission public hearing, the City sends notice of the hearing and a copy of the owner's petition to the Director of the Department of Conservation.

(8) The City holds the Planning Commission public hearing to consider evidence and public testimony. The Planning Commission makes the findings necessary to approve or deny the cancellation. If they determine that the findings can be made to approve the cancellation, the Planning Commission determines the cancellation fee based on the County Assessor's appraisal. The Planning Commission acts as a recommending body to the City Council.

(9) The City notices the City Council public hearing on the petition for Cancellation.

(10) The environmental document shall be certified/approved by the City Council. If the environmental document is approved, the City Council then reviews the cancellation to determine whether the necessary findings can be made to approve the cancellation. If the City Council determines that the findings can be made for cancellation, the City Council approves the Tentative Cancellation.

(11) The City issues and records a "Certificate of Tentative Cancellation" with the County Recorder's Office.

(12) Within 30 days following approval of the Tentative Cancellation, the City publishes its decision in at least one newspaper of general circulation within the City, and delivers a copy of the published notice to the Director of the Department of Conservation.

(13) The owner satisfies any conditions and contingencies of canceling the contract (including payment of any applicable Cancellation Fee).

(14) The owner gives written notification to the City of satisfaction or failure to satisfy conditions and contingencies for cancellation. All conditions are to be satisfied within one year from the date of the recording of the Tentative Cancellation. If the landowner is unable to satisfy all conditions and contingencies, the landowner shall notify the City of the particular conditions or contingencies he/she is unable to satisfy. Within 30 days following receipt of the notice, and upon a determination that the landowner is unable to satisfy the conditions and contingencies listed, the City Council shall execute a Certificate of Withdrawal of Tentative Approval of a Cancellation of Contract, and cause the same to be recorded with the County Recorder's Office. The landowner shall not be entitled to the refund of any cancellation fee paid.

(15) Provided all conditions and contingencies have been satisfied, the petition for cancellation is presented to the City Council for Final Cancellation.

(16) Within 30 days the owner sends a notice of satisfaction of all conditions and contingencies to the City, the City issues and records a "Certificate of Cancellation of Contract" with the County Recorder's Office.
